12:00p.m.-2:00 p.m.

**For additional  
information and to  
register, contact:** 312.729.6265

In the Greater Chicago area, our Red Cross relief teams help disaster victims recover after home fires every single day. There are simple steps that everyone can take to protect their home and family from fire. Team Firestopper offers this information through a comprehensive program that focuses on the communities that are disproportionately affected by fires. This volunteer-led program provides education and hands-on community fire prevention activities in the form of a fire safety fair.

Fire safety fairs are composed of interactive stations. At these stations, you will learn valuable fire safety information including home hazards, citizen CPR, creating an escape plan for your home and more. Come enjoy the gift of potentially lifesaving education!

**First 50 participants to register  
receive a FREE gift including:**

- Smoke Detector
- Carbon Monoxide Alarm
- Fire Extinguisher
- Surge Suppressor
- Window Insulation Film
